Nothing New Under The Sun: Reading the Biblical Text in The Cinema

When at the cinema how do we experience a film and its content, especially as persons of faith?

Rev Dr Kevin Waldie sm reflects on Ecclesiastes 1:9 ("there is nothing new under the sun"). He will take us to some recent cinema releases and how we might link our contemporary, lived universal story with the revered, sacred storytelling of Holy Scripture.

Join us for this free online event on Thursday 10 November, 6:30-8:00pm. Register in advance [HERE](#).

Message from the Chief Executive

Robert Blucher

Good luck to all of our students with your end of year examinations and assessments.

The whakatauki here is to encourage you to do your best.

Thank you to everybody involved in the end-of-year Mass and shared lunch which all of us here at St Columba enjoyed very much.

I am looking forward to hearing the concert items!

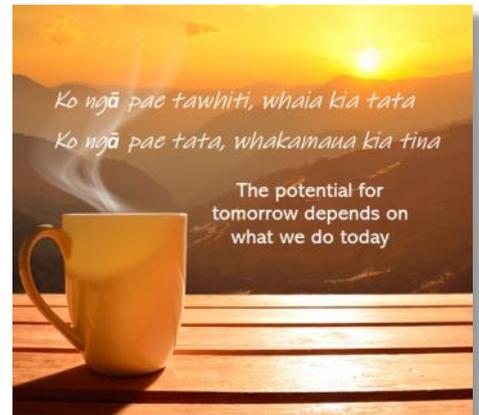

Over the last few weeks I have enjoyed having 1:1 catch-ups with Te Kupenga staff, contractors and some Auckland Diocese staff.

I have been impressed with everybody's good will and sense of mission and look forward to meeting staff from other Dioceses in the near future.

The end of semester is close for our student cohort of 2022. I have not had the chance to get to know you well, but I wish you all the best for the academic break and to getting to know you better next year.

Ngā mihi

Robert

End-of-Year College Mass

Archbishop Paul Martin celebrated the CTC end-of-year thanksgiving Mass on the 25th of November. He reminded us that ... **“As you come to the end of this academic year it is a chance to give thanks for the holy work that happens at CTC. What you study, who you study with, is for the building up of your knowledge of who God is and how he shows himself in the world we live in. ... And what is it for? It is for the growth in your holiness and relationship with God, and for the spread of the Gospel in our country, Aetearoa - New Zealand and beyond.”**

Good Works – Compassionate Disruptors for Diversity

Diversity is a fun, funky and formidable word. When we resist the minaturisation of humans we can serve as compassionate disruptors for diversity, with the giver and receiver bending towards each other. In a globally diverse planet, we are a microcosm of the macrocosm that is always in flux. Yet, in a woven universe, life can have sparkle and the rich satisfaction of generously crafted miracles, which this session will explore.

Join us on **Wednesday 16 November at 2pm, via Teams**, for an exciting Good Works presentation from our Academic Advisory Board Chair, **Professor Edwina Pio**. Please **register for this session** to receive the meeting link and calendar invitation.
